# Arena Shooter
# Design Document

Copies of this document outside of the project are to only
to be made for personal use by team members ONLY.
This document shall not be distributed outside of the
OneMoreDev team on GitHub and Trello. This document
is subject to change for the considerable near future.
Any commits to this document and all others should be made
on a separate branch from the master. If you don't agree with
this, then argue any of the higher ups about this. I am just
trying to get some work done.
